Seminars Targeting the Improvement of Coffee Farm and Mill Efficiency

Monday, October 26 to
Tuesday, November 3, 2015

Speaker, Mr. Fernando Augusto Vicentini, a mechanical engineer from Brazil, will provide workshops state-wide on the topics of farm and mill improvement for better efficiency of coffee cultural control and production. He has expertise in field and mill equipment modifications that potentially reduce costs, improve efficiency, and assist with CBB control and management of other coffee pests and diseases. All growers and processors are welcome!

Please see the itinerary attached for dates, times and locations of each seminar.

Seating is limited. Please call Gina at 808-322-4892 to RSVP or by email at ginab@hawaii.edu at least one day before the event. Please let Gina know which workshop you will be attending.

These workshops are sponsored by USDA, UH CTAHR and the Hawaii Coffee Growers Association.
